SUMMARY

Versatile and results-driven professional with proven expertise in Machine Learning and Full-Stack Development. Skilled at designing, developing, and deploying intelligent data-driven solutions and scalable web applications. Proficient in end-to-end ML workflows—including data preprocessing, model development, evaluation, and production deployment—as well as modern front-end and back-end technologies. Adept at collaborating in cross-functional teams to deliver high-impact products that blend robust architecture with cutting-edge AI capabilities. Committed to continuous learning, innovation, and translating complex technical challenges into practical, user-centric solutions

SKILLS

Html
Css
Machine Learning
Data Preprocessing
Predictive Modeling
Model Evaluation
Python (scikit-learn, pandas)
R Programming
Data Visualization
Supervised & Unsupervised Learning
JavaScript (ES6+)
Bootstrap
React.js
Node.js
Express.js
MongoDB
Mongoose
PostgreSQL
